Program Goals:

1. To advance proficiency of UCSF graduate nursing students in Spanish conversation from an intermediate to an advanced conversational level
2. To enhance the knowledge of the Latino culture based on the contact with people who live in Cali, Colombia, including living in a homestay for the duration of the program
3. To analyze relevant cultural issues in the delivery of health care to clients in Colombia
4. To gain knowledge in the delivery of health care services in Colombia
5. To observe the provision of health care by Colombian nurses/health care providers in an area of specific interest
6. Optional: Interested students can earn 5 credits for Summer Session II (course: N460 Global Health Practicum); please note that students will have to pay tuition in addition to program costs

Estimated Program Costs:

The estimated approximate cost is to be assumed by the participant, and includes:

- **Flight to Cali:** approx. $800
- **Living expenses:** approx. $700 for 5 weeks
