N 232.02, Advanced Clinical Pharmacology, Winter 2017
Teaching Assistant

**Timeframe:** Winter 2017, two TA positions open

**Description:** N232.02 Advanced Clinical Pharmacology is a core course offered for over 130 first year masters students at the UCSF School of Nursing.

- The Course introduces clinical application of pharmacology in the management of patients, including frequently prescribed drugs for the treatment of chronic diseases and minor acute illness.
- The course includes weekly lectures on Wednesdays from 0800-1000 in addition to online activities.
- The TAs hold online and in person office hours to provide review and discussions on the lecture content.
- The TAs also help the Faculty of Record (FOR) manage and update the CLE Moodle site, provide ongoing support, and tutor students who need assistance to learn the required content.
- The TAs work closely with Kristina Fortes RN, FNP-BC, DNP (c) (FOR) to develop discussion topics to the course.

Currently seeking one TA and/or a student interested in using the experience as a Teaching Residency.

**Contact:** Send your application to Kristina Fortes at Kristina.fortes@ucsf.edu with a resume and cover letter.
